PROJECT BUDDY
Built by a tradesman, for tradesmen.

Compare Three Quotes

One worksheet for three contractors

Fill in what each quote actually covers. Most quotes do **not** cover the same work — and the missing boxes, not the totals, are where the money leaks.

Scope item	Quote 1	Quote 2	Quote 3	Notes / what's missing
Company name				
Demolition				
Disposal				
Plumbing fixtures				
Electrical				
Tile & waterproofing				
Vanity / cabinets				
Flooring				
Paint				
Permits				
Warranty				
Payment schedule				
Start date				
Finish date				
TOTAL				

How to read it: a cheaper total with empty boxes is not cheaper — it is unfinished. Ask each contractor to fill his gaps in writing, then compare the totals again.
